

Welcome to the Bridge Program at Bridgeview Montessori School. The goal for every student in the Bridge Program is to develop skills necessary to become a confident learner who balances academic growth with social-emotional development. Bridge students are guided to develop strategies to prioritize and organize their work and purposefully engage in their learning. As a means to foster empowerment, the students and the learning specialist work together as a team and adapt and tailor the service delivery frequency, duration, and style to meet the needs of the students as they gain skills. Direct services are provided in collaboration with the classroom events and may vary to ensure group participation.

Bridge Program Enrollment Contract for the 2023-2024 school year

Student Name: _____

Bridge Program support may include:

- Regular skill assessment followed by lessons to reinforce concepts using explicit instruction.
- Pre-and post teaching to promote self actualization.
- Use of visual and tactile tools that reinforce concepts.
- Social, emotional, growth mindset and special interests development.
- Physical motor development.

Support is given weekly in one of the following environments:

- One to one or small groups in the classroom.
- Open-space to allow for movement.
- Quiet space for small groups or one to one in the learning center to limit distractions.

The learning specialist collaborates with community members both within and outside of the school:

- To attend IEP meetings and communicate with outside providers.
- To collaborate with teachers to optimize methods for pre-teaching classroom material, make modifications to class work and review successful strategies that contribute to student achievement.
- To provide guidance for long term projects in the lower and upper elementary curriculum.

*No tuition adjustments for student absences, weather cancellations, in-school special schedules, and/or field studies.
